Sporting Schools Grant
We have been successful in receiving funding via the sporting school grants for Terms 1 and 2. These funds will enable us to employ a specialist teacher who will provide PE lessons for each class from Years 1 to 6 commencing next week and running through to the end of term. We welcome Mr David West to our staff who is a specialist Sports teacher. Mr West will take classes through fun games and activities to develop student’s sporting skills and also nurture an enjoyment of physical activity and fitness. Gymnastics will be offered to students during Term 2.

Parking
Just a reminder that there is a disabled car space in the staff car park for parents who either have a child with a disability or they themselves have a physical injury. For other parents please remember that the car park is restricted to staff only and cannot be used by parents when dropping off or picking up. Students exiting the school on their bikes use this exit and the extra traffic could cause an accident. Many thanks for your support with this request.

School Photos
This year ‘The School Photographer’ will be taking our school photographs on Thursday 18 February. Notes and payment envelopes will be sent home this week and will need to be returned to the Front Office by Wednesday 17 February.

Crunch N Sip
A reminder that all students are expected to bring in a piece of fruit and drink of water for our Crunch N Sip break that occurs around 10 am each day.

Upcoming Events – Click on link below to see our Calendar

To create a passion for lifelong learning with a commitment to innovative, flexible & creative thinking.
2016 Media Group
This year’s Media Group will comprise of the Year 4 boys in class 3/4M – Dean, Phoenix, Shaun, Nathan, Ronan and Beau.

What are Ethics Classes?
Ethics is a branch of philosophy that examines ethical concepts and issues, asking what is right or wrong in particular circumstances. The 78 topics in our curriculum comprise a wide range of age-appropriate issues that primary-aged children find interesting. Students learn to think about these ethical matters together and engage in the give-and-take of reasoned argument. This process allows students to properly consider other people's points of view and to be sincere, reasonable and respectful in dealing with their differences and disagreements.

Term 1 Week 2
Stage 1 Jake
Stage 2 Tahlia
Stage 3 Abbey
Outdoor Stage
During the school holidays, a beautiful outdoor stage was built within the school grounds. The purpose of the stage is to provide an additional place for the students to play during lunch and recess and to provide a place where community groups can host performances and presentations.

Many thanks to the following people and businesses for their support and generosity, which enabled us to run a hugely successful event and allowed the project to be completed.

Mel Love for her hard work securing sponsors and running our Golf Day last year.
WIN Television and Moruya Golf Club for their generous support of the Golf Day and to the P&C members for helping run the event.
Outdoor Stage (cont)
A HUGE thank you to Jo Bunfield for doing an amazing job of building the stage and charging us much less than his work is worth.
To Wayne Hutton, Dan Roberts, Nigel Dallas and Kiwi for assisting Jo with the building. Mitre 10, Moruya for supplying us with products at a reduced cost. Without the generous support of these people and businesses, this project would not have been possible.
On behalf of the Broulee Public School P&C, we thank you very much for your generosity.
If your group would like to use the stage, please contact the school on 44 716120. Jo Bunfield (Licenced Carpenter 290299C) is available for big or small projects—renovations, pergolas, deckings, bathrooms, etc – phone 0409 777 797.
The organisational wheels are very much in motion as our fete gets closer and closer! There is so much to look forward to – games, food, rides, stalls, prizes and performances!

We have lots of enthusiastic helpers and would love some more! There are so many ways you can get involved– prepare food, serve food, set up shelters and trestle tables, run games, sell tickets, count money, prepare plants and seedlings or bake cakes!

If you’d like to lend a hand, please get in touch via the Front Office or like our facebook page [http://www.facebook.com/brouleepsfc](http://www.facebook.com/brouleepsfc) and send us a message.

Did you know ..........
- Red plant foods, like tomatoes and watermelon contain lycopene, which is thought to reduce the risk of some cancers and heart disease.
- Green vegetables including spinach, cabbage and broccoli contain lutein and zeaxanthin, which can protect against certain eye diseases.
- Blue and purple foods like eggplant and blueberries contain anthocyanins, which protect against cancers.
- White foods like cauliflower contain sulforaphane which protect against cancer.
- Raw vegetables can be rich in the antioxidant Vitamin C. Cooking vegetables can release specific antioxidants like lycopene.
